THE VENUE

Located in the quiet countryside of Kranji, Gardenasia is made for weddings that embody the spirit of nature. Throw the garden wedding of your dreams at any of its indoor or outdoor venues and stay the night at a farmstay villa. Hold outdoor ceremonies at The Shamrock Chapel or Frangipani lawn, host an intimate reception at function rooms like the Loft Museum and Country Rose, or dine alfresco by the pond at the Bistro. For larger-scale weddings, marquee venues like Kranji Loft and Bluesky can accommodate over 300 guests.

THE CAKE

Turn this white frosted tiered cake from plain to polished by embellishing it with rustic greens like ferns, eucalyptus leaves, touch-me-nots and little white flowers, set on top of a wooden stand. The bakers from Zee x Elle made it sweeter by adding macarons around the tiers, and finished with a meaningful laser-cut cake topper made by Bella Chic.

THE SETTINGS

A tranquil garden-themed wedding is all about nude-coloured flowers, leafy greens and woody elements. Wedding stylists Ereen and Vanessa from Suitcase Weddings make it easy for couples to DIY the look by offering themed rental packages where you grab-a-theme all packed in a suitcase, ready to go. For this garden concept, Suitcase Weddings included picture frames, botanical prints, a handwritten scroll, fairy lights, vases, pots, crates, drapes, and more.
